The Honorable J. Edgar Hoover
Director
Federal Bureau of Investigation
U. S. Department of Justice
Washington 25, D. C.

Dear Mr. Hoover:

The Central Intelligence Agency is vitally interested in the field of monitoring and recording through the use of hidden equipment. Many of the problems involved are common to this organization and the Federal Bureau of Investigation.

Due to the technical nature of the subject and the mutually delicate security considerations involved, it is believed that such discussions are a matter of policy rather than liaison and should be discussed by the chiefs of the two technical services involved. Therefore, may I suggest that you designate a representative and a time and place of meeting to discuss the entire subject with [redacted] of this Agency.

Sincerely,
